

# Course Successes

“The Learning How to Learn Course was so good. I enjoyed everyday I was here and when I left I’d tell my mum how much I learned that day and how excellent it was to have this knowledge for the rest of my life. Thank you Alison and Jessica for helping me with everything, without you I wouldn’t be as happy and as confident as I am now. Knowing about all the barriers that stop me studying is a great thing to know and I wish all kids could learn what I have learned in these two months. I recommend this for anyone who wants to learn!”

“The Learning How to Learn Course is really good. It taught me strategies to study with, and what can stop you from learning and how to handle it.”
