BASIC STUDY MANUAL

“Saturday, 16th August, 2008 will be forever etched into my mind because TODAY I COMPLETED THE BASIC STUDY MANUAL. This I needed to do before I can continue with the course that I want to do. It’s been a struggle trying to get the old grey matter working again after so long but it’s amazing how, with a little prompting and a great deal of patience from Alison, I began to fly along. I can’t say I enjoyed the first third of the course, it was hard for me but looking back it has been a huge learning curve for me, to the point that now I’m actually eager to get started on the Phonics Course. Thanks Alison for your encouragement and patience. I love you!

LEARNING HOW TO LEARN

“Thank you Tanya, I liked the way you taught me about the barriers - misunderstood words, skipped gradient and lack of mass. Now I can remember the steps you taught me.”

STUDY SKILLS FOR LIFE

“My name is Christine and I have just completed the “Study Skills for Life Course.” I have found the course to be enlightening in the way a person takes on information and the learning process. Thanks Alison, now I know I can study anything and do well and if I’m not coping I’ll know why.”
