

STUDY SUCCESS FROM A PARENT

“I really enjoyed doing the ‘Study Skills for Life’ Course. It made me understand the barriers we have when we are studying and how to overcome them and to apply them in everyday life. I also wanted to do this course so I could help my children with their studying as well; and knowing that when they come across any barriers I know how to help them overcome them. I feel that the ‘Study Skills for Life’ has made me achieve this. It made me feel really happy and excited to have this knowledge, and I want to tell everybody, which I do. Thank you so much Alison and Tanya for changing a part of my life that has made hard things become a lot easier. It’s been great.”
